SOS Features
Extend your coverage in an emergency.

GEOS Emergency Response Coordination
Global, 24/7 monitoring and emergency dispatch.
When you activate SOS on your inReach, there is a person on the other end who will communicate with you and coordinate with the proper responders in your location. They will stay in communication with you until your situation is resolved. (Note: This benefit is available to anyone using your inReach.)
Included Included with all service plans

Additional GEOS Search & Rescue Benefit Program
Provides up to \$100,000.00 USD in search and rescue resources.
This special program can insulate you from significant financial impact by providing additional search and rescue (SAR) resources that may be necessary to aid in your rescue. These resources may not be readily available to local responders (including specialized personnel, special vehicles, and equipment). The benefit gives you access to up to \$100,000.00 USD in any one year with a single incident limit of \$50,000.00 USD. In some countries, there is a charge for SAR, or there may be no official agency willing or able to respond. The GEOS SAR benefit can help. (Note: This prepaid annual benefit is for you and does not cover someone else using your inReach.)
Select \$17.95 USD/Year Details

GEOS Worldwide Medical Evacuation
In the event of a hospital stay, be transported to the hospital of your choice anywhere in the world.
This is a single, life-saving source for medical evacuation and emergency assistance. The program provides up to \$1,000,000.00 USD to pay for emergency medical evacuation expenses. You will be transported in a medically equipped and staffed aircraft from an incident location anywhere in the world to the nearest medical facility, and then to a hospital near your home. The service is available if you are 99 miles or more away from home. (Note: This benefit is for you and does not cover someone else using your inReach.)
Select \$129.95 USD/Year* U.S. and Canada Coverage Details
Select \$175.00 USD/Year* International Coverage: Details
*Applicable taxes and fees not included.

[Go Back](#) [Complete Activation](#)

Check list lalu klik Complete Activation

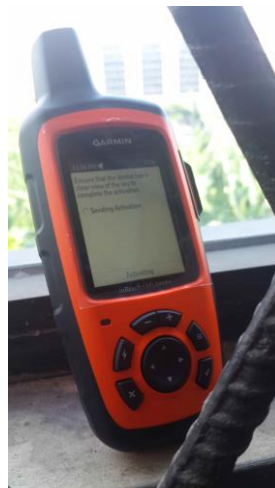

12. Selanjutnya akan muncul menu ini:

The screenshot shows a web browser window with the URL <https://inreach.garmin.com/Setup/SetupSEPlus>. The page features the Garmin logo and the heading "Completing Activation and Setup". It contains several sections: "Finish Activation" with instructions to take the device outside; "Pairing with a Mobile Device" explaining wireless pairing; "Testing Your inReach" about receiving test messages; and "inReach Website" with a "Go!" button. On the right, there is an image of a smartphone and a red Garmin inReach device. Below the image, text asks "To whom can I send an inReach message?" and "How can people send me a message and reply to my messages?".

Klik GO:

13. Selanjutnya, Nyalakan kembali unit inReach Garmin Explorer+. Carilah tempat terbuka untuk mendapatkan sinyal satelit GPS dan satelit data Iridium. Tunggu 10-15 menit untuk aktifasi pada unit.

1 Aktifasi dilakukan di Jendela, ditunggu selama 30 menit hasilnya gagal

2 Aktifasi dilakukan di rooftop gedung. menunggu 10-15 menit proses berhasil

14. Jika sudah maka akan muncul pesan aktivasi komplet pada layar Garmin inReach.

15. Dapet pesan aktifasi setelah berhasil

16. Bisa memeriksa dari unit, paket apa yang sedang digunakan

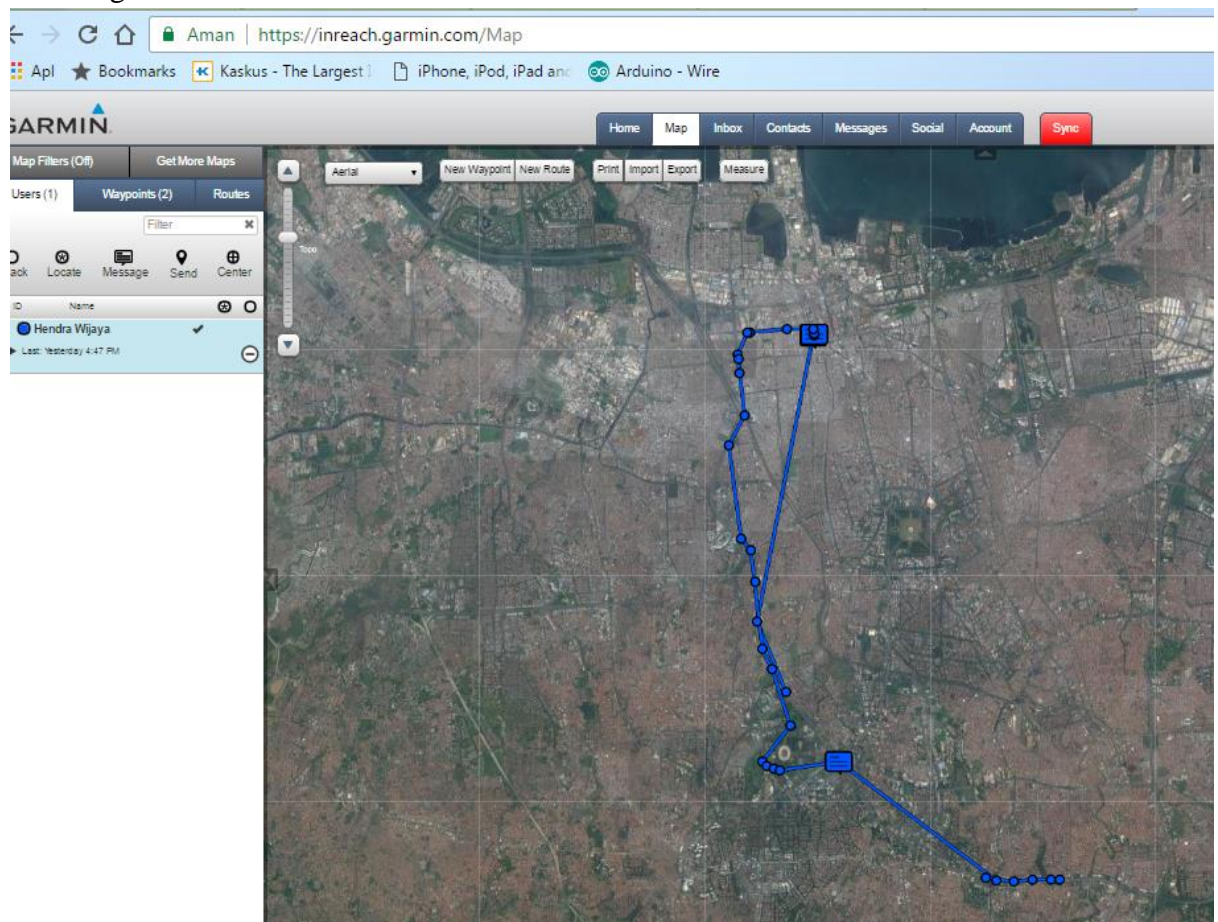

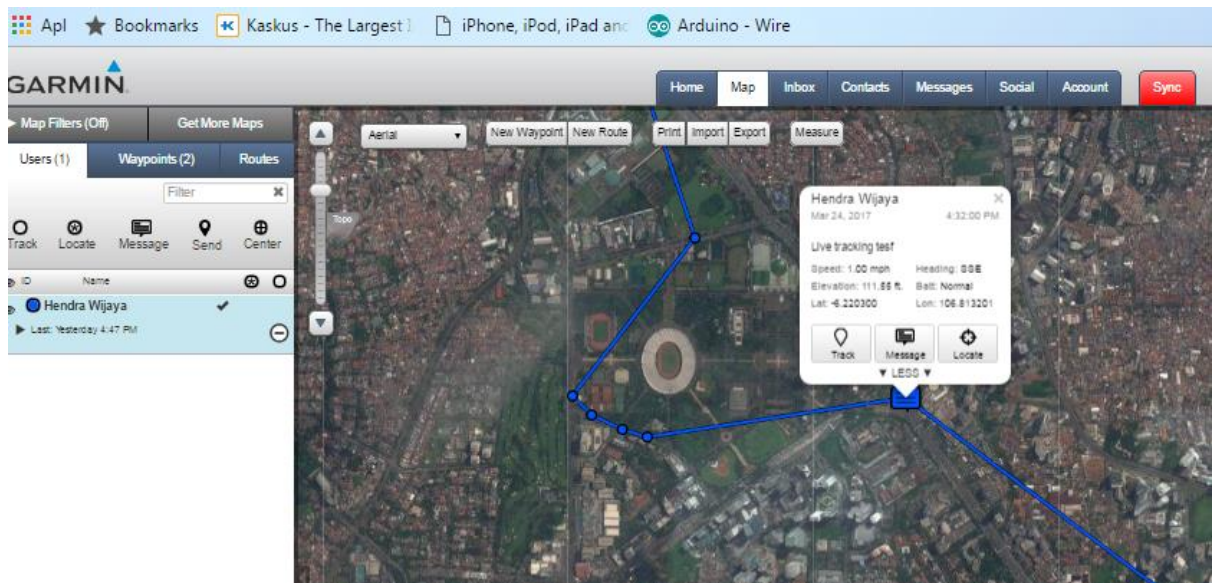

17. Mengaktifkan fitur tracking

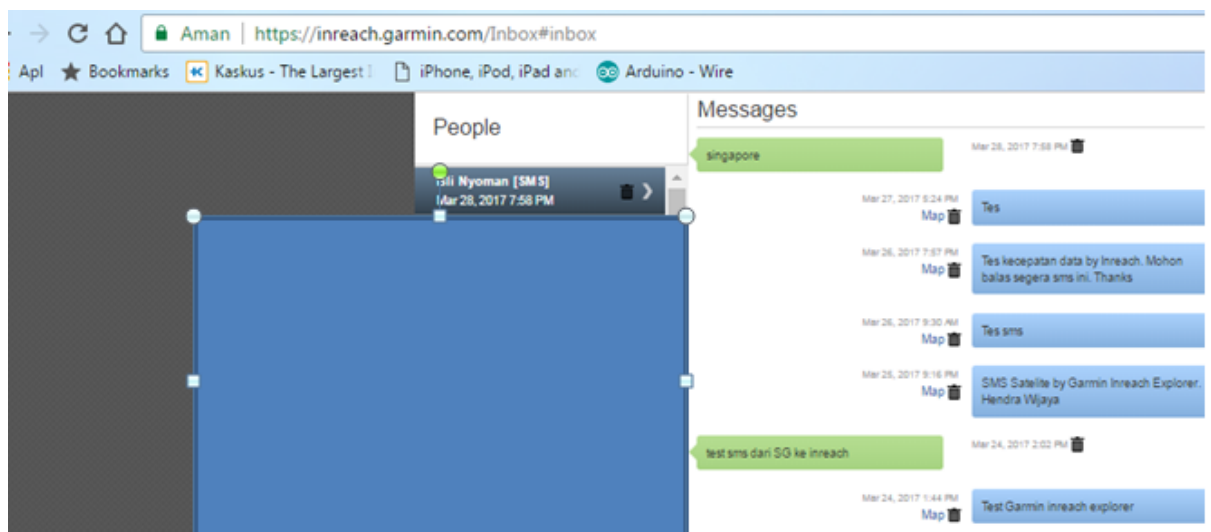

3 seting tracking aktif pada unit

18. Tracking via web

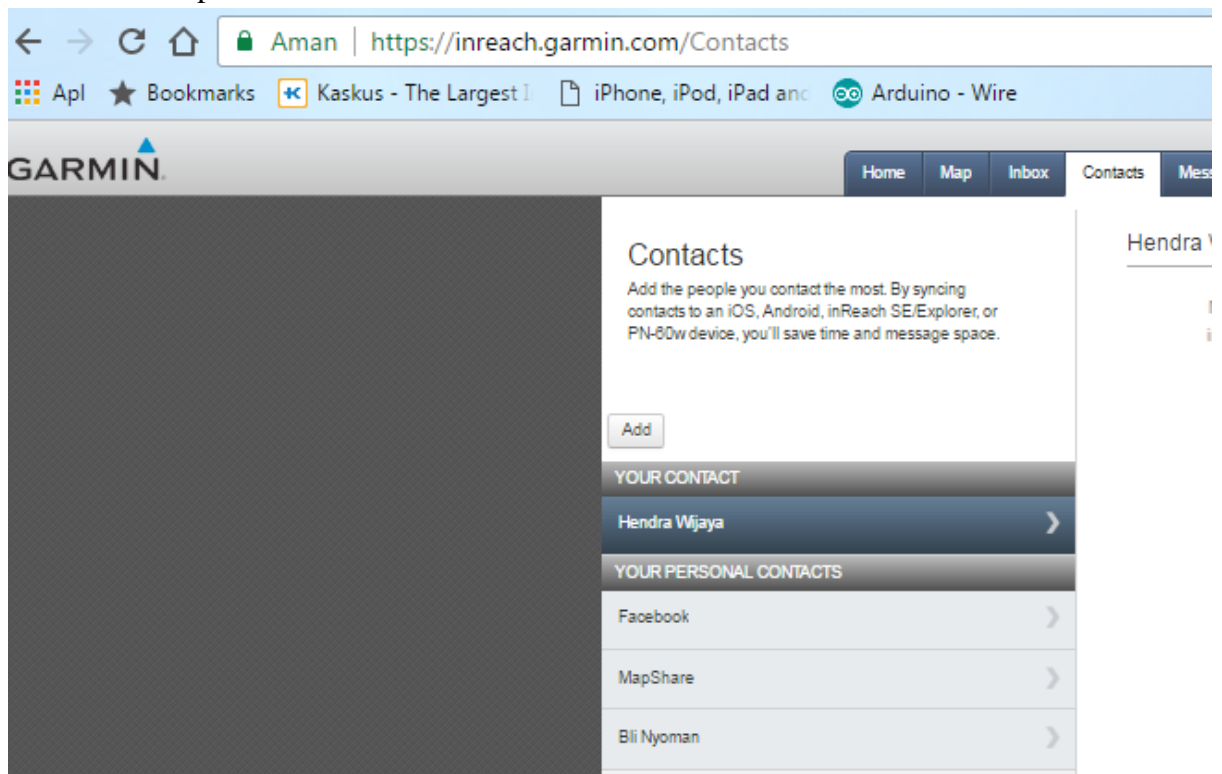

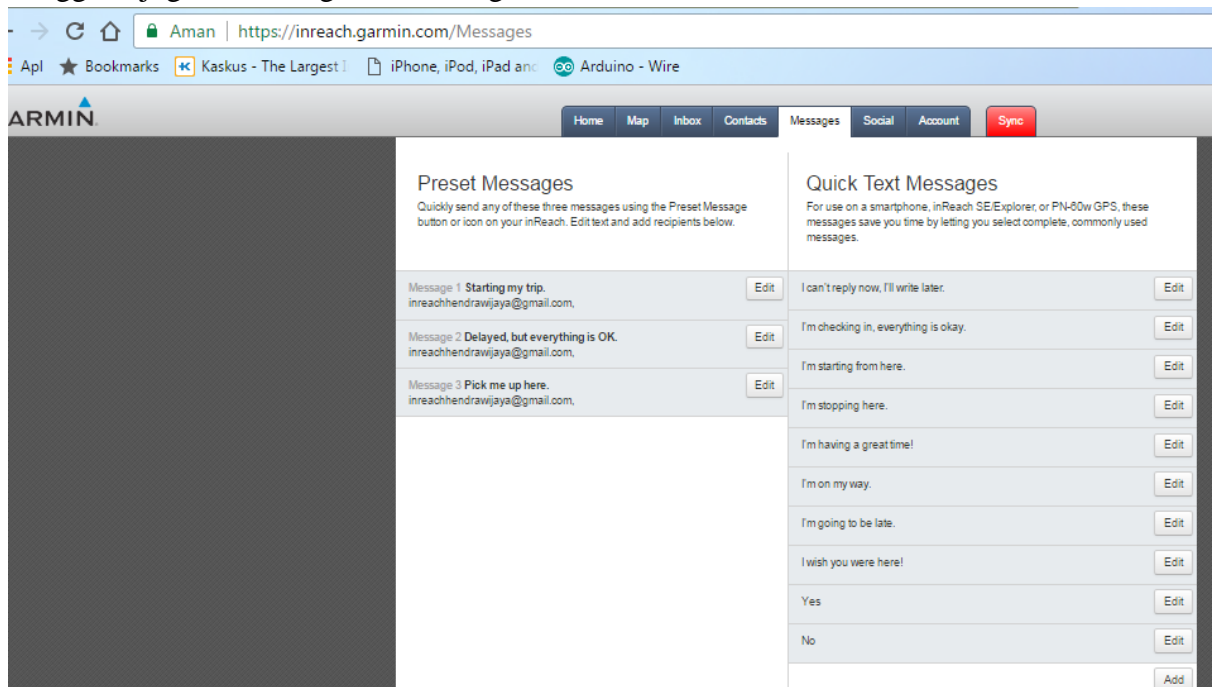

19. Testing SMS dari unit inReach ke GSM. Waktu yang dibutuhkan untuk pengiriman 1 sms sekitar 3 menit. Sedangkan pengguna GSM dapat membalas sms dengan biaya sms lokal.

20. Untuk mempermudah kegiatan, pengguna dapat menyimpan data kontak melalui webbase/akun pada web.

21. Pengguna juga bisa mengatur sms singkat

22. Pengguna juga dapat berbagi aktifitas tracking melalui Mapshare, Facebook dll.

The screenshot displays the MapShare website interface. At the top, there is a navigation bar with tabs for Home, Map, Inbox, Contacts, Messages, Social, and Account. Below the navigation bar, the MapShare logo is shown, followed by a description: "MapShare is a website with a map that displays your progress on a trip. Friends and family can see how you're doing and send you messages. If you have an inReach Explorer, they can also see your waypoints, routes, and destination." A green button labeled "MapShare: On" is visible, along with the URL "https://share.garmin.com/HendraWijaya" and options for "Edit" and "Feeds". A banner image shows a family looking at a laptop and two hikers on a trail. Below the banner, there are sections for Facebook and Twitter integration. The Facebook section includes a "Remove Facebook" button, a note about the link expiration date (May 23), and a "Like Garmin Outdoor!" button with 87K likes. The Twitter section has a "Post to your Twitter account from anywhere." button. The "inReach Facebook Account" section shows the user's name "Hendra Wijaya", the date "Since: 3/24/2017", and "Posts Using inReach: 3". There are checkboxes for "Post to Your Home Timeline" (checked) and "Post to Another Feed:". A dropdown menu is open, showing options: "HW Adventures & Expeditions" (selected), "Fonesport", "Trail Runners Indonesia", "Gede Pangrango 100", and "Southern Force".

23. Fungsi dasar gps mapping, menyimpan lokasi, track log dll ada pada unit ini.
